

# MAXWELL SOFTWARE WORKSHOP - CSIRO MODULES

## WORKSHOP AGENDA

---

### Day 1

- Algorithm types
- Required files and setting up
- Maxwell's Model Window types
- Important configuration settings (red/orange/black)
- TX LEVEL vs LEVEL vs GROUND CLEARANCE vs ELEV
- Units
- Algorithm parameters

#### LE models

- Grendl setup
- Beowulf / Airbeo setup
- Exercises*

#### Plate in LE models

- Leroi setup
- Exercises*

#### Prism in LE models

- Marco setup
- Exercises*

#### 3D mesh models

- Arjuna setup
- Loki, Samaya setup
- Building
- Manipulating the mesh
- Adding topography
- Exercises*
